**Wow, its Summer Vacation time!**

Dear Parents,

Here is a chance for you to spend lots and lots of time with your young ones and keep your child updated on whatever she/he has learnt in the school so far.

Summer vacation is ideal for parental involvement to help her/him learn in a fun filled way. We adults need to provide children with activities, games, experiences and materials that cater to their interests and abilities. These in turn help in developing readiness skills in children.

As the children are small we are enclosing few activities which you can enjoy with them in their regular routine so that he/she comes back more alert & aware on the concepts learnt earlier.

And yes! Cuddle him/her a lot, talk to her/him a lot and strengthen your bond!

This is also the time for you to continue developing your child's language, cognitive, motor and social skills as we do it at the school. Erase fear and nourish with love to enhance your child's confidence.

Help her/him to answer a few simple questions like

1. What is your name? My name is.....
2. What is your Mother's name? My mother's name is.....
3. What is your father's name? My father's name is.....
4. Where do you study? I study at Heritage School.
5. In which class do you study? I study in Graduate Bears/UKG
6. How old are you? I am .....years old.
7. What is your phone number? .....
8. Where do you live? .....
9. Who is the Principal of your school ?

Ans: Mr. Aakash Pradhan.

**ACTIVITIES FOR SUMMER HOLIDAYS:**

- Take an earthen pot, fill it with water and keep it on the walls of your house or garden for birds and squirrels.
- Engage your child in small household work and help him/her inculcate good habits like helping others and becoming more responsible and confident.
- Visit your nearest old age home/orphanage & observe how their lives are different from us.
- Practice & learn how to spell your name, your parent's names, your home address & contact number.
- Sow a seed & observe its day-to-day growth.
- Take a photo of Sunrise & Sunset.
- Try five foods you supposedly don't like.
